

The Chartered Institution of Wastes Management

INSTITUTE OF LEADERSHIP & MANAGEMENT (ILM) CERTIFICATE IN FIRST LINE MANAGEMENT WITH WASTES OPTION

INTRODUCTION

This course is intended for anyone engaged in, selected for, or aspiring to, a Supervisory position in Wastes Management in Local Authority or the Private Sector.

The course content is designed to relate principles to practice so that students are made aware of the relevancy of the course contents to their needs, and to widen their knowledge related to their own fields of work.

Successful students from this course can proceed to the SCOTVEC Higher National Certificate in Waste Management.

AIMS OF THE COURSE

To provide students with an all round appreciation of the range of work in all branches of the services.

To equip students with basic knowledge to improve their effectiveness in handling the responsibilities to both management and their workforce.

To develop skills used to solve everyday problems and establish effective control, to carry out duties required by legislation and to assist the public.

CHARTERED INSTITUTION OF WASTES MANAGEMENT

Success in the ILM Certificate in First Line Management with Wastes Option is recognised as a suitable qualification for the grade of Technician Member of the Chartered Institution of Wastes Management, and those undergoing the course are encouraged to become Student Members during the duration of the course.

A good course result could lead to the award of the Institution's Supervisors Certificate.
